Session Types

COFFEE CHAT (OPTIONAL) ☕

Start your day with a casual coffee chat with the 2021 TFC teacher cohort and TFC staff. Zoom space will also be available for i) debriefing with a TFC staff, ii) meeting with fellow teacher(s), or iii) working on your group project.

WHOLE GROUP 👥

These sessions are an opportunity for the entire 2021 TFC teacher cohort to learn together. These webinar style presentations will be led by incredible presenters with opportunities for Q&A. We encourage you to invite loved ones who will be moving North with you and/or those who will be deeply affected by your move (i.e. dependents or partners) to attend these sessions. Some of the content is sensitive or triggering in nature, we will provide content warnings within our virtual learning space as needed.

★ = These sessions will be opened to the wider TFC community including TFC Alumni and other organizations with a focus on First Nations education. Media may attend these sessions.

COMMUNITY LEARNING 🗣️

A chance for learning from the First Nations you will be living and working in, as well from your new TFC peer community! Some special events during this time of day include:

Sharing our Gifts

Join Elders and Knowledge Keepers as they share their gifts with you.

Meet the Teacher

An opportunity to meet First Nation representatives from your matched community.

Language Lessons

Native speakers will teach the basics of the languages spoken in your matched community.

SMALL GROUP BREAKOUTS 🗣️

This is where the 2021 TFC teacher cohort peer connections can flourish! We will assign breakout groups to provide opportunities to get to know teachers who will be moving to the same First Nation as you and also those teaching similar grade levels.

INDEPENDENT LEARNING 💡

Take these modules at your own pace! We have listed suggested modules that pair well with each day's learnings, however you can tackle the modules in whatever order you wish. We have left time within the schedule each day to complete them, but if you prefer to work in the early morning or evening your independent learning is flexible.

Everything you need to know about the Summer Enrichment Program (SEP) will be made available through our virtual learning space (VLS): Zoom links, independent learning modules, and discussion boards to unpack your learning with others. You will gain access to the VLS prior to SEP and we encourage you to explore the "Introduction to the Summer Enrichment Program" content within the VLS before SEP officially begins.
