#### **Our Approach**

---

Education in Canada is a success story. Study after study shows that our public schools are among the best in the world. But high overall quality masks deep inequality. Only 48 percent of First Nations youth living on reserve have a high school diploma. In the North, those numbers are even lower. And, too often, teachers arrive in northern First Nations without the preparation and support they need to succeed—and stay—in the classroom. The twin challenges of teacher supply and turnover compound [historical injustice](#) and [systemic inequities](#) to produce a statistical education gap between First Nations and non-First Nations communities.

Teach For Canada is a non-profit organization that works with northern First Nations to recruit, prepare, and support committed teachers who will increase student outcomes in the North. This model has been defined by First Nations community partners, our Circle of Advisors, our Board of Directors, and experienced northern educators.

On our team we are fortunate to have a committed, experienced, talented, and humble group of leaders. Together, this team works hard to create meaningful impact. If you're looking for a fast-paced, innovative, energizing, and rewarding work environment, then we want to hear from you!
